NAME : <NOM >

<ORDV > Bonjour, mon nom est $i. Je travaille pour la firme BIP Recherche. I'm calling as a part of a study led by the Montreal regional public health department. We are looking to find out more about certain leisure and recreational activities, gambling habits, and quality of life of the population of Montreal. We are asking for the public's help to complete a survey lasting approximately 10 minutes. The information gathered will remain strictly anonymous and confidential. This information will serve to help orient preventive services to improve public health. Your cooperation makes a difference and would be greatly appreciated. To ensure the quality of our study, it is important that you answer all of the questions. However, given that your participation is voluntary, feel free to skip certain questions or even to end the survey at any given moment. (Your information may be withdrawn until the end of the interview, it is not possible to trace it and withdraw it after, since the survey is anonymous). ***Note aux intervieweurs : -Note aux interviewers indiquant les coordonnées d'infos du sondage disponibles au besoin sur le site Internet de la DRSP-Montréal (infos à venir) ***Note : Prendre rendez-vous si non disponible.
